Our Services

Pre-edit Service

SpiralUp's PE service is a semi-automated process that includes the following: document clean-up, structuring and styling, checking and creating links for references and citations, tables, figures, equations and boxes. Our process is quick and efficient.

Copyedit Service

With a handpicked team of copyeditors, SpiralUp offers three extents in copyediting: light, medium and heavy. SpiralUp's core team has experience working directly for prestigious publishers such as Palgrave, Sage and T&F. Our editors look out for and correct faulty sentence constructions, grammatical or spelling errors or ambiguous syntax.

XML Service

SpiralUp has the capability to convert copyedited manuscripts to NLM-based XML output that can be used by downstream systems making it easy for electronic publishing.
